The image shows a web browser window displaying the IBM Watson IoT Platform landing page for the 'Cars' use case. The browser's address bar shows the URL 'internetofthings.ibmcloud.com'. The page has a dark blue background with white text and line-art graphics. The main heading 'Cars' is centered. To its left, the text 'Collect data from' is accompanied by icons of a cloud, a factory, and an airplane. To its right, the text 'and make value from it' is accompanied by icons of a person, a smartphone, and a car. Below the main heading is a 'Learn More' link with a downward-pointing arrow. The browser's taskbar at the bottom shows various application icons, the system clock (12:26 PM, 19-11-2022), and the weather (27°C Cloudy). A 'Cookie Preferences' notification is visible in the bottom right corner of the browser window.
